# DPE – INTERNATIONAL ELECTRICITY EXPO BACK RENEWED IN 2024 IN CONJUNCTION WITH KEY

**DPE International Electricity Expo - The world of Electricity: Generation, Transmission, Distribution** returns renewed with a new claim and payoff at the Rimini exhibition center from 28 February to 01 March 2024.

DPE is the event dedicated to the **ecosystem of electric generation, distribution, safety and automation** organized by **Italian Exhibition Group** in collaboration with **Generazione Distribuita - Motori, Componenti, Gruppi Elettrogeni** federated ANIMA Confindustria and **Federazione ANIE**.

DPE will be held in conjunction with **KEY - The Energy Transition Expo** and will be an opportunity to meet all the players in the supply chain: from the sustainable production of energy to its transportation and distribution to industrial and civil end users.

# PARTNERSHIPS WITH GENERAZIONE DISTRIBUITA AND FEDERAZIONE ANIE

The association **Generazione Distribuita – Motori, Componenti e Gruppi Elettrogeni** was established in 2021 within Anima Confindustria and represents manufacturers and distributors of equipment, machinery, components and systems for the distributed conversion of electricity. Companies that manufacture motors, alternators, electrical components, electronic components, mechanical components, generator sets and light towers are members of the association.

**ANIE Energia** represents within **Federazione ANIE** the companies that manufacture, distribute and install equipment, components and systems for the Generation, Transmission and Distribution of electrical energy for its efficient use in industrial and civil applications.

# WHAT IS DPE?

**A EUROPEAN EXHIBITION OF ELECTRICAL  
POWER SYSTEMS**

**A HUB THAT PROVIDES QUALIFIED CONTENT  
FOR ITS COMMUNITY**

**A PLACE FOR DISCUSSION, KNOWLEDGE  
EXCHANGE AND ADVANCED SOLUTIONS**

# 3 EVENTS IN 1

## 1. BUSINESS

The ideal place to meet designers, plant designers, distributors, utilities, consulting and engineering firms, O&M, contractors, ESCo, maintenance and rental companies

## 2. NETWORKING

The ideal place to confront with leading manufacturers and suppliers, exchange knowledge and discover advanced solutions for your needs

## 3. CONFERENCE

The ideal place to keep up to date thanks to a conference and training proposal with content and speakers of absolute interest

# DPE 2024 EXPECTED NUMBERS

**3**

Business and networking days

**5.000**

Expected attendance (10% from abroad)

**6.000 mq**

Gross exhibition area

**80**

Exhibitors

# WHY EXHIBIT AT DPE 2024

DPE is the only European trade show where the **electrical power system community** can meet.

At a time when the energy sector is undergoing a momentous transformation, DPE is the place where policymakers, industry experts, entrepreneurs and investors meet to exchange ideas and promote innovation across the entire **electrical generation, distribution, security and automation ecosystem.**

## TIPOLOGY OF EXHIBITORS:

- Generator sets
- Industrial motors
- Light towers
- Static and dynamic UPS
- Alternators
- Transformers
- Storage systems
- Conversion systems
- Static and dynamic power factor correction systems
- Control panels
- LV and MV equipment and switchboards
- Cables and distribution systems
- Mechanical, electrical and electronic components
- Engineering and technical consulting services

# WHY VISIT DPE 2024

DPE offers a comprehensive showcase of typical power generation applications, covering a wide range of solutions spanning a broad spectrum of the energy technology sector. Visitors to DPE will have the opportunity to **explore in detail the cutting-edge solutions and technologies that are shaping the Mediterranean and European energy future.**

## TYOLOGY OF VISITORS:

- Designers
- Installers
- Representatives
- Consulting and engineering firms
- Electrical equipment distributors
- O&M
- Utilities
- Final customers
- EPC - Engineering, Procurement and Construction
- Sub-contractors
- ESCo - Energy Service Companies
- Maintainers
- Rental companies

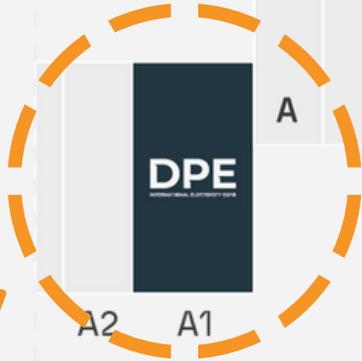

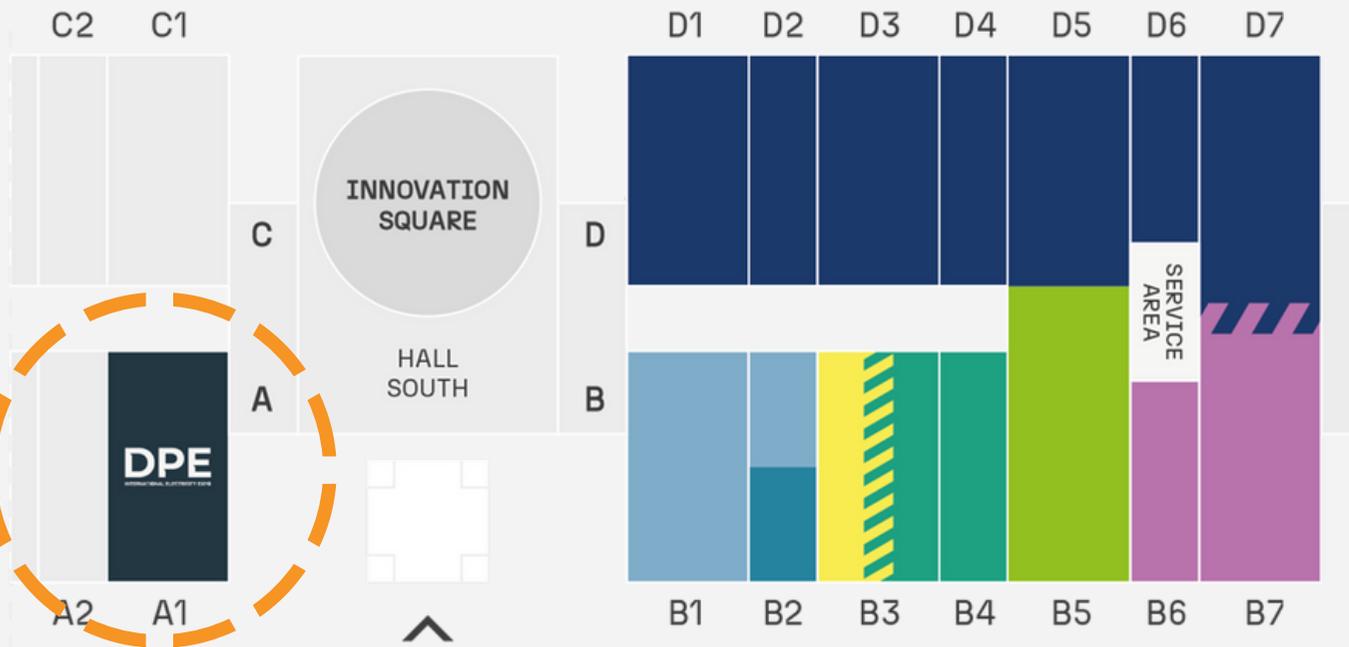

# CONFERENCE OFFER

DPE offers a wide range of **conferences, seminars** and **workshops** through which you can access **high-level knowledge**, deepen your skills and network with industry professionals.

A unique opportunity to cover key **energy-related topics** such as **integration in renewable energy, power grid management** and **energy efficiency**.

# DPE TURNKEY PACKAGES

## 16 SQM

### SET UP

Wood walls h 290 cm

Blue carpet

1 lumber room 200 x 100 cm

1 rectangular table 160 x 80 x h 72 cm

2 chairs

1 reception desk 100 x 40 x h 100 cm

1 stool

1 waste bin

1 coat hanger

### ELECTRICAL SYSTEM

1 electrical board

1 socket 220 v

3 lamps 50 W

1 kW electrical supply (220 v) enough for standard electrical system

### GRAPHIC

3 sqm of customisable forex graphic

Standard template on desk with company name

# DIGITAL PLATFORM PACKAGES

GreenTech Insights is the digital hub that brings together all of Italian Exhibition Group's Green&Technology supply chain events in one place and aims to offer **digital content before, during and beyond the exhibition period.**

Using this digital hub you can **increase your contacts and business opportunities with buyers and visitors:**

- complete your page with all necessary information (social profiles, multimedia content such as photos and videos);
- update your product catalog, without neglecting what's new;
- include your collaborators in the team;
- upload the events you will organize during the event and build your agenda.

APPLY FOR DPE 2024 BY DECEMBER 5, 2023 TO GET THE DIGITAL GOLD\*  
PACKAGE INCLUDED IN THE OFFER!

\*List price: €2,500 + VAT

# HOW TO PARTICIPATE

# CONCOMITANCE WITH KEY

Coinciding with DPE will be KEY: Europe's largest event dedicated to all sectors involved in the energy transition, divided into 7 thematic areas:

## SEC - SOLAR EXHIBITION & CONFERENCE

The exhibition area dedicated to photovoltaics, organised in collaboration with Italia Solare.

## WEM - WIND EXPO FOR MED

Technologies and services for the construction and operation of on-shore and off-shore wind power plants.

## HYE - HYDROGEN EXPO

Technologies and projects for the production and storage of hydrogen.

## eME - eMOBILITY EXPO

Electric and sustainable mobility, from charging infrastructure to interconnected mobility services.

## EFFI - ENERGY EFFICIENCY EXPO

Energy efficiency in industry and buildings, with technologies and services available to companies to optimise their energy consumption.

## CITY - SUSTAINABLE CITY

The special project dedicated to the cities transformation according to the smart city model.

## KSE - KEY STORAGE EXPO

New exhibition project dedicated to static storage for residential and industrial compartment and utility scale.

# KEY 2023 - FACTS & FIGURES

**33.735**

Attendance, including 14% foreign from 101 countries

**55.146**

Gross square meters of display area

**603**

Companies, 31% of which are foreign from 25 countries

**33**

International associations

**166.291**

Views on GreenTech Insights

**153**

Events of which 13 are international

**2**

Digital Green Weeks with webinars throughout the year

**210**

Millions of media contacts

**280**

buyers generated 1,482 business matchings
