GreenTechInsights

What is GTI community

What GTI offer?

Green Tech Insights is the community that brings together Italian Exhibition Group's leading international Green Technology events and their users. Under this umbrella, a digital platform has been created that exponentially increases business opportunities and visibility for exhibitors and buyers.

DPE – International Electricity Expo, part of the community, offers a digital extension of the physical event allowing exhibitors to customise their digital showcase and present themselves at their best to buyers present at the exhibition and connected remotely. You can showcase available slots to connect with your target audience, advertise your products, and invite visitors to your stand
