A SMART PARTICIPATION FORMULA

Participation via this turn-key formula includes: pre-built stand, Wi-Fi, electricity, cleaning, exhibitor parking.

Plus: marketing activities, access to the networking area and its content during the event.

LOCATION

DPE takes place contemporary with **ECOMONDO - KEY ENERGY**, the reference platform for the circular economy and renewable energy.

DPE is organised by the **Italian Exhibition Group**, leading provider of trade fairs and conferences, born from the merger between Rimini Fiera and Fiera di Vicenza.

DPE will take place in the modern Rimini exhibition centre, designed to ensure low environmental impact, with large green areas, photovoltaic systems, mainly natural lighting and LED floodlights, as well as water recycling fountains.

Functionality and efficiency, combined with a Renaissance-inspired aesthetic, are among the exhibition centre's strengths, attracting buyers and exhibitors from all over the world.
